Author Index Volume 16 (1990)

(The issue number appears in parentheses before the page numbers.)

Adam, R., A licence to steal? The growth and development of airline information systems (2) 77–91
Bawden, D., *see* **M. Sayers** (5) 321–325
Belkin, N.J., The cognitive viewpoint in information science (1) 11–15
Belohlav, J., L. Raho and D. Drehmer, Perceptions of information system domains as a function of professional status (6) 359–367
Bianchi, G., M.C. Brandi and A.M. Scarda, Database of research structures in public and private institutions in the south of Italy (5) 299–310
Blagden, J., The economics of library and information services (*Conference Report*) (6) 399–400
Bordogna, G., P. Carrara, I. Gagliardi, D. Merelli, P. Mussio, F. Naldi and M. Padula, Pictorial indexing for an integrated pictorial and textual IR environment (3) 165–173
Bordogna, G., P. Carrara, I. Gagliardi, D. Merelli, F. Naldi and M. Padula, A system architecture for multimedia information retrieval (4) 229–238
Brandi, M.C., *see* **G. Bianchi** (5) 299–310
Braun, T., W. Glänzel and A. Schubert, Publication productivity: from frequency distributions to scientometric indicators (1) 37–44
Brooks, T.A., Literature core zones adjusted by impact factors (1) 51–57
Burian, K. and T. Savaşçi, Remodelling of information facilities in an industrial enterprise: the case of YARPET (*Brief Communication*) (2) 129–133
Carrara, P., *see* **G. Bordogna** (3) 165–173
Carrara, P., *see* **G. Bordogna** (4) 229–238
Cawkell, A.E., The UK and the telecommunications millennium (*Brief Communication*) (2) 135–137
Craven, T.C., Use of words and phrases from full text in abstracts (6) 351–358
Cressie, I.R.C., *see* **D.G. van der Heij** (3) 155–164
Cronin, B. and S. Pearson, The export of ideas from information science (*Brief Communication*) (6) 381–391
Cun Wang, The development of information activities in the Special Economic Zones of China (*Brief Communication*) (6) 393–398
Davies, J.E., Information scientists and 1992: a personal view from a British perspective (5) 327–335
Davies, J.E., Professional development and the Institute of Information Scientists (6) 369–379
Davis Smith, E., A statistical study of online searches in a chemical company, 1982–1987 (2) 121–127
Drehmer, D., *see* **J. Belohlav** (6) 359–367
Efthimiadis, E.N., Online public access catalogues: characteristics of the literature (2) 107–112
Egghe, L., The duality of informetric systems with applications to the empirical laws (1) 17–27
Ehikhamenor, F.A., Aspects of the publication cycle of physical scientists in some Nigerian universities (4) 257–263
ELP, Barriers to the flow of books (A Statement by the Working Group of European Librarians and Publishers) (5) 275–277
Gagliardi, I., *see* **G. Bordogna** (3) 165–173
Gagliardi, I., *see* **G. Bordogna** (4) 229–238
Glänzel, W., *see* **T. Braun** (1) 37–44
Glausiusz, J.A. and P.A. Yates-Mercer, Some impacts of electronic mail on information services (4) 249–256
Heiser, W.J., *see* **R.J.W. Tijssen** (4) 217–227
Iselin, E.R., Information, uncertainty and managerial decision quality: an experimental investigation (4) 239–248
Joice, J., *see* **M. Sayers** (5) 321–325
Kapaleaswaran, T.N. and V. Rajaraman. Parallel search methods of a document database in a distributed computer system: a case study (5) 291–298
Kedem, K.A., Application of computer technology in the libraries of Ghana (6) 345–350
Keleman, K.S., *see* **L.F. Lewis** (3) 195–205
Kostrewski, B.J., *see* **R.J. Sodha** (2) 93–98
Lees, N., Library and information work in Egypt: perspective of a volunteer working in Assiut (2) 99–105
Lewis, L.F. and K.S. Keleman, Experiences with GDSS development: lab and field studies (3) 195–205
Martyn, J., How well does the UK information system work? A study of failures to find information (*Brief Communication*) (3) 207–211
Meadows, A.J., Theory in information science (1) 59–63
Merelli, D., *see* **G. Bordogna** (3) 165–173
Merelli, D., *see* **G. Bordogna** (4) 229–238
More, E., Information systems: people issues (5) 311–320
Mussio, P., *see* **G. Bordogna** (3) 165–173
Naldi, F., *see* **G. Bordogna** (3) 165–173
Naldi, F., *see* **G. Bordogna** (4) 229–238
O'Brien, A., Relevance as an aid to evaluation in OPACs (4) 265–271
Padula, M., *see* **G. Bordogna** (3) 165–173
Padula, M., *see* **G. Bordogna** (4) 229–238
Papathanassopoulos, S., Public service broadcasting and deregulatory pressures in Europe (2) 113–120
